

KEEP AN EYE ON ALL THE COSMETIC NEWS WITH DR HOLLY

Dr Holly - Easter News

Hi everyone, welcome to my Easter addition of the Dr Holly Newsletter. These monthly newsletters are designed to keep you up to speed on the latest cosmetic medicine information and to share any special offers with my VIP patients.

Belkyra Now Available

I'm extremely excited to announce that Belkyra is now available in Australia. Belkyra is the new fat dissolving injection used to treat double chins that has been available in Australia for 6 weeks. As one of the first Doctors to be trained within Australia I've performed treatments on a good number of ladies now....no gents yet though?! Two ladies are back this week for their second treatment, one of which has seen a

noticeable reduction of her double chin already which is really pleasing. Keep a look out on my FB page for the before and after pictures.

I had my first treatment (some of you may have seen the video!) a few weeks ago now and got my second planned for just after Easter...very exciting!

A lot of people are asking can this new revolutionary solution be used on other parts of the body. The answer at the moment is sadly no however the company that make the solution are currently trialing it on other body areas as we speak but it will be a few years before its TGA (Therapeutic Goods Association) approved.

They are studying it on the upper arm hang or in the North of England the 'Bingo or tuck shop arms'!

If you have any more questions please email or call, alternatively please feel free to click on the link to my website for more information on this amazing new treatment www.dr-holly.com.au/double-chin-treatment/

Aspect Dr - Skin Care Range

After months of research into different skin care companies I have decided to stock the award winning Australian brand **Aspect Dr** for my skin care range that will be on sale as of this week. I will also be using the Aspect Dr range for my medical grade skin peels which will be available in packages (keep an eye out!) after Easter.

I'm so impressed with this range of products & the great news is that it's really easy to find the right product of you.

Essential vitamins are key for healthy skin & it's what I tend to talk about a lot with patients.....

Vitamin A (aka Retinol) 'the skin regulator' is clinically proven to improve the appearance of fine lines & wrinkles by stimulating collagen production

Vitamin B3 (Niacinamide) 'the multi tasker'; helps protect the loss of water from the top of the skin so aids in hydration and also calms and soothes the skin by exerting an anti-inflammatory effect, and can reduce excess oils.

AWARDS
AUSTRALASIA 2016

Vitamin C (Ascorbic acid) 'the skin fortifier'; acts as an anti-oxidant to the skin and protects against any UV or pollutant damage giving you lighter and brighter skin & reduces pigment.

Unsure how these new products would suit your skin?? Then why not opt for a 'TRY ME PACK' for only \$45 from the clinic.

Easter Opening Hours

Dr Holly is now closed over the Easter period but returns back Friday 21st & Saturday 22nd April!

Coming Soon - Medical Grade Facial Peels!

In conjunction with the aspect Dr medical skincare range I am also now offering Aspect Dr Medical Grade facial peels: they will vary from mild peels (superficial to the skin) where no time off work is required, to deep chemical peels where it takes a week for full recovery.

They are used to treat sun damaged skin and fine lines, freckles, tired/dull skin, & inflamed acne-prone skin.

More information including intro offers coming soon!

Competition of the Month!

We have 10 x \$100 Dr Holly Vouchers to give away in April. All you have to do is make sure you have liked & shared my Facebook page to go into the draw which will occur on the 1st of May.

You can redeem the vouchers at my Miranda clinic for any product or service I have available
