

KEEP AN EYE ON ALL THE COSMETIC NEWS WITH DR HOLLY

# Dr Holly - Autumn News

I will be away on a 'working holiday' from early June – mid July so there is only limited spaces now available until I go away. I've also added two extra clinic days to accommodate as many people as possible....

Clinic open days until I go away for 5 weeks:

- \*Thursday 1st June
- \*Friday 2nd June
- \*Saturday 3rd June
- \*Last day....Wednesday 7th June

Book in now for treatments to avoid disappointment

## Aspect Dr - Skin Care Range

The Aspect Dr skin care range has been really well received and has proved popular with patients, which is great to see!

One of the main reasons why I chose to stock Aspect Dr rather than other competitors was that it's a home grown product; made right here in Oz, no

parabens, no artificial fragrances and no animal derived products.

Ask my receptionist Lisa next time you're in clinic....she's been receiving peels and using the skin care brand since we've been stocking it at the clinic so she'll be able to tell you her skin care tips.....her skin has never looked so bright and refreshed ! You can find more about the Dr Aspect range on their website [www.aspectdr.co.nz](http://www.aspectdr.co.nz)

## Facial Peels

From the end of July I will be offering skin peels as part of a 4 treatment package....just in time for those winter months!

The emphasis on medical grade facial peels these days is to always go slowly and build up to more concentrated peels which is why they will be coming in packages. The 'old fashioned' way was to do a one off really aggressive peel where a patient would require two weeks off work, look like a beetroot during that time and peel like a lizard: Don't worry this doesn't happen anymore! The models I've treated

so far did not require any time off work at all!

The facial peels come from the same Aspect Dr range as my skin care .....the packages will also include all Aspect Dr skin prep and post care skin care .....an email with an introductory offer will follow next week. I advise interested patients to book in for a free consult to discuss your skin concerns....a peel may or may not be given that day; otherwise all the skin prep and instructions will be given that day and likely patients will be booked in every 2-4 weeks for a peel during that time

## Coming Soon to Dr Holly!!!!

Another exciting addition to the Dr Holly clinic will be Silhouette Soft thread lifts. I've been in training all week on this revolutionary technique which is a new alternative to a classic surgical face lift. Dissolvable threads are placed under the skin with a small needle with an entrance and exit point only; the patient is awake, the procedure takes approximately one hour, nil 'down time' ie no time off work needed and results can be seen immediately!

*Some of the common areas that can be treated with thread Lifts*

My training in this new technique has been completed and it's just a case of waiting for the threads to come from America then I'll be offering it to patients likely from the end of July....wait to hear about any intro offers !

See below for a before and after picture of a patient treated with Thread Lifts

Before

After

## Dr Holly Website!

Want to learn more about the various non-surgical treatments that I can offer in my new Miranda Clinic?

Make sure you log on the link below to check it out when you get a chance

## Holidays

I'm heading over to Europe in about two weeks' time. It's not all pleasure sadly.....I'll be attending FACE UK, which is a 3 day Cosmetic conference in London; the largest in Europe.....I hope to report back on anything new from the Northern hemisphere & keep you all informed !

Hope to see everyone in the next two weeks before I go off on my travels!
